

WATER STORAGE TANKS

AQUA KEGS - AK Series

These aqua-keg tanks are designed to fit through a standard doorway or where storage space is limited. They are also excellent rainwater storage tanks. Please check dimensions before ordering.

Laminate Detail

All AK tanks come with a 30" lid, a 4" vented filler, and a 1" NPT female threaded outlet. If desired, the lid can be attached with self-tapping screws supplied.
